

ALTERNATIVE SPRING BREAK ADVENTURE

Imagine Your Place in the World Serving with Global Volunteers

HAVANA, CUBA

As a Global Volunteer in Cuba, you promote civil society, support the Cuban people, and enjoy the true culture and daily life of Cuba. Our community partners in Havana and Ciego de Ávila welcome you into their communities as family and valuable resources. Experience and learn about this rich culture.

LIMA, PERU

Offer comfort, compassion, and support to impoverished and abandoned youth in an orphanage and school on the out-skirts of Lima, Peru. You may never again feel so loved and appreciated! Other project opportunities include: English teaching, repair and maintenance, early childhood education, nutrition education, health care and hygiene education, tutoring numeracy and computer literacy.

QUITO, ECUADOR

Community childcare centers are safe havens for children who might otherwise be left to the streets or an empty house. Offer nutritious meals, teach and mentor, and be a positive role model in a center that supports children 12-months to 3-years old. Provide one-on-one nurturing, basic supports, and building maintenance. Make a difference in children's lives.

ANSE LA RAYE, ST. LUCIA

Anse la Raye is home to some of the most disadvantaged on St. Lucia. Work in schools and churches to support children from preschool through young adulthood. Stimulate creativity, tutor, and mentor youth struggling academically. Help maintain and repair community buildings and experience St. Lucia.

WEST VIRGINIA, APPALCHIA

You don't have to jet-set across the world to be a Global Volunteer. Serve in the US in West Virginia. Work one-on-one with teens and young adults on labor projects and get a taste of another part of the US as a cherished volunteer in coal country in Appalachia.

Imagine yourself **making a difference in the life of a child and contributing to a country's long-term development**, all as part of your Spring Break. Learn more at globalvolunteers.org.
